Providing Innovative Equipment & Supply Solutions

New handmade table settings with textures and patterns to entice anyone's palette!

ONEIDA[®]
GLOBAL FOODSERVICE

Marble

Blended tones of porcelain create an organic, layered and highly individualized aesthetic. Marble offers a perfect surface to celebrate the farm and the table.

Kerrington

Stylish by design, this contemporary pattern features a "rice-hammered" texture on the handle. This texture helps prevent fingerprints and adds sparkle to any table setting.

CARLISLE[®]
FOODSERVICE PRODUCTS

Designer Coldmaster[®]

Keep foods cold and appetizing with decorative styling and Coldmaster technology that gives you complete versatility. Provides a classy look on a buffet, salad bar or a tabletop presentation.

- Features stylish new colors with your choice of white or black interior
- Clear polycarbonate lids help preserve food freshness
- Eliminates unsanitary, messy ice baths
- NSF

Providing Innovative Equipment & Supply Solutions

Rackstar® 66 Conveyor

Reduce water, chemical and energy costs while still providing an outstanding level of clean. Using only 0.35 gallons of water per rack, the RackStar™ cleans with significantly less water and provides one-pass cleaning performance with the Dual Rainbow Rinse™ and WISR® Cleaning System.

- Insulated doors retain heat, keeping wash water hot and generating less heat in the dishroom
- Hinged doors provide easy access in wash chamber for cleaning and maintenance

Reverse Osmosis

Remove fluoride, rust and other particulates that impact water quality and deliver the best drinking water for optimum health and hydration. With the reduction of limescale buildup, this water filtration system protects equipment, reduces maintenance costs and increases system efficiency.

- Removes chlorides and chloramines
- Patented quarter-turn connection allows for easy cartridge changes

New! BRAVO! Digital Scale

Equip your kitchen with an affordably priced, high performance scale with Edlund's exclusive ClearShield™ Protective Cover feature. This new feature protects from damaging grease, dust and excess juices, that cause corrosion and keeps your scale looking newer, longer.

- Replacement ClearShield™ Protective Covers available in convenient 3 packs
- Other models and capacities available
- Removable stainless steel platform for easy cleaning
- Auto-Shut-Off feature
- NSF

Blue2

Eliminate handwritten temperature monitoring by wirelessly transmitting temperatures to a Bluetooth-enabled smart device. The Blue2 instrument can utilize any interchangeable Type-K thermocouple temperature probe making it versatile for insertion, air or surface temperature measurement.
