OPTION	DESCRIPTION
<p>EP bases (Extra Protection)</p>	<p>Our EP (Extra Protection) bases have additional properties applied to the coating in order to provide increased protection to our aluminium bases from the effects of harsh weathering, humidity and salt water.</p>
<p>Zinc Coating</p>	<p>A zinc coating option is available in our cast iron range of bases, subject to a minimum order of 304 units. Zinc coating attracts an additional charge. Not currently stocked in the US, available by special order only.</p> <p>Please contact your FLAT sales representative for further details</p>
<p>Special Order</p>	<p>Some of our powder coated bases are available in alternative colours. This is subject to the requested colour being available (RAL colour code required) and a minimum order of 300 units</p> <p>Pricing may vary depending on colour and finish.</p> <p>Not currently stocked in the US, available by special order only. Available in all custom colors, 12-16 week lead time from PO.</p> <p>Please contact your FLAT sales representative for further details</p>
