HOMECREST SLINGABLE FABRICS

Homecrest offers over 20 collections in our casual outdoor furniture line. Our collections reflect a variety of styles, including deep seating, dining, and café. Whether you're relaxing on your patio, celebrating with friends, or just enjoying the outdoors, Homecrest furniture will satisfy design tastes from coast to coast.

Sensation fabrics, offered exclusively by Homecrest, are unique in the outdoor furniture industry. They combine the strength and UV-stability of PVC fibers with the comfort and outstanding memory of elastomeric yarns. Combine this with our proprietary double layer, ergonomically contoured sling technology, and you get arguably the most comfortable outdoor sling chair on the market.

PADDED SLING, CUSHION, + UMBRELLA FABRICS

Experience the ultimate in style and selection with several resilient outdoor padded sling, cushion, and umbrella fabric options. To view our entire list of available fabrics, simply scan the QR code on the right!

OUTDURA® + TEMPOTEST® FABRICS

Homecrest has partnered with Outdura and Tempotest to offer dealers and consumers more exclusive solution-dyed acrylic fabric options. With these durable and fashion-forward fabrics, you'll be sure to create an outdoor space that speaks your style.

BELLA-DURA® FABRICS

Soft to the touch, yet exceptionally durable, Bella-Dura is truly tailored for the outdoor market. These polyester/polyolefin blend fabrics offer sophisticated decorative patterns and colors, all while exceeding performance standards.

COM FABRICS

Homecrest offers a COM (Customer's Own Material) program. Sunbrella fabrics are available through COM. These solution-dyed acrylic fabrics are available in Jacquards, stripes, and solid-color textures.

BRISA® LEATHER-INSPIRED FABRICS

Brisa leather-inspired outdoor fabrics are available on our cushion and padded sling seating options. For padded slings, we recommend selecting a coordinating solid sling welt/back for a seamless look (i.e. Polar front and Glacier welt/back).

RECACRIL® UMBRELLA FABRICS

Recacril canvases are high-performance fabrics made from fade-resistant, solution-dyed acrylic specially designed for umbrella canopies. All of these marine-grade fabrics undergo rigorous quality assurance testing, have an outer surface finish, and are treated with a specific process that makes the fabric waterproof. These easy-to-clean fabrics are mold and mildew resistant.

Note: Recacril stripe fabrics can only be sewn horizontally. For additional umbrella canopy fabric options, look for the "U" symbol in the other fabric collections. Sunbrella fabrics are available as COM fabrics and may have longer lead times.
