INFINITE POSSIBILITIES.

WHAT IS DELFIELD ECOMARK FABRICATION EQUIPMENT?

CUSTOM FABRICATION WITH STANDARD COMPONENTS

CHEF'S COUNTERS

Delfield brings a different approach to custom fabrication. With any piece of equipment, such as utility storage, hot food table or glass rack cabinets, similar components are used. This holds true with freezers, refrigerators, prep tables, salad tables and so on. What Delfield has mastered is developing standard components that are consistent from job to job, year to year and month to month. What does this do for you? For one, the ability to purchase equipment that can be installed anywhere in the country and be assured it's the same each and every time. In addition, serviceability is increased due to common parts and labor is saved due to service technician's familiarity with the equipment. By developing common components in custom equipment Delfield is able to provide consistent pricing, no matter what time of year or how busy we happen to be.

SERVING SYSTEMS

Using the component crafted custom fabrication approach allows you to develop thousands of different equipment configurations while maintaining consistency throughout the equipment. Don't think for a minute that this technique takes away from the quality of the equipment. It's quite the opposite, Delfield's ability to produce commonality in our equipment is a great value in many ways to our customer.

Delfield allows many of these components to be modified but remain similar in construction. This is the advantage of using Delfield over local custom fabrication. Our solid modeling capabilities, automated part demand flow, leading edge break presses, lasers and punches all give Delfield customers consistent precise products versus antiquated pencil marked, hand braked parts.

DELFIELD ECOMARK FABRICATION EQUIPMENT

Start building your dream counter now! All of these units can be combined under one continuous top (up to 168" long) Each unit can be quickly splined together or field welded, for seamless appearance.

GENERAL

- R290 refrigerant
- All units can be provided with optional 14-gauge stainless steel tops
- Special electrical requirements available on all units
- All refrigerators can be supplied remote or self contained

14 SERIES — HOT FOOD TABLES

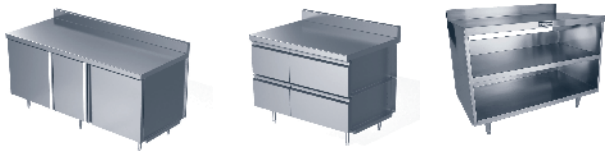

- Standard 16-gauge tops
- Electric
- Individually controlled or single tank water bath
- Standard with drains and manifold
- Optional cutting board
- Optional auto fill
- Available in any length

15 SERIES — DISPLAY CASES

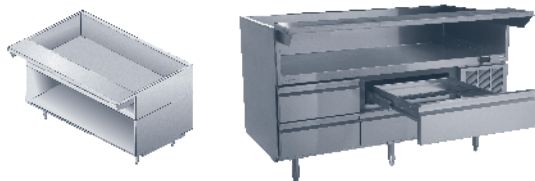

- Standard 16-gauge tops
- 24" or 30" deep under display section
- Mirror back, single service display with a see through display section with glass doors on both sides.
- Available in 4' and 6' lengths
- Optional locks
- Optional additional shelves
- Optional mirrored interior doors

16 SERIES — UTILITY STANDS

- Standard 16-gauge tops
- Open shelf
- Dry drawer
- Hinged door
- Sliding door
- Available in any length
- Optional door/drawer locks
- Optional urn trough
- 10 year drawer warranty

17 SERIES — EQUIPMENT STANDS

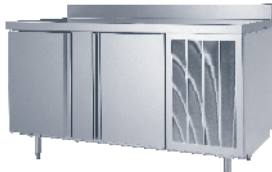

- Standard 18-gauge tops
- Standard maple cutting board
- Open shelf
- Dry drawer
- Refrigerated & freezer storage
- Optional doors
- Door/drawer locks
- Freezers from 43" to 94"
- Refrigerators from 39" to 122"
- Available for bottom mounted ventilation
- Full height sides and back for quick assembly into full equipment lineup
- Feature Delfield's exclusive Full Extension Plus Drawer System

DELFIELD ECOMARK FABRICATION EQUIPMENT

GENERAL

- R290 refrigerant options
- All units can be provided with optional 14-gauge stainless steel tops
- Special electrical requirements available on all units
- All refrigerators can be supplied remote or self contained

18 SERIES — WORK TABLES

- Standard 16-gauge tops

GARRI — ROLL-IN REFRIGERATOR | GAFRI — ROLL-IN FREEZER | GAHRI — ROLL-IN HEATED

GARRI1P-S

- GreenGenius™ R290 top mount refrigeration system featuring TXV expansion valve and hot gas condensate removal
- easyTouch Control with remote monitoring capability
- Digital exterior temperature display with high/low temp visual alarms
- Energy saving LED interior light (40 watt incandescent light on heated models)
- Removable side louver
- Accommodates full size sheet pans
- Smart door hinge that auto closes up to 90° and stays open past 90°
- Energy efficient door gasket – removable without tools
- Door locks
- Includes 14 GA stainless steel ramp - 1" tall with a 10 degree slope
- Raised ABS door liner (refrigerator/freezer models only)
- Stainless steel door liner (heated units only)
- 10' cord and plug attached
- Stainless steel exterior front, sides & interior
- 3 year parts and labor warranty and an additional 4 year compressor parts warranty

REFRIGERATED/FREEZER BASES

4400/4500 SERIES
Flat Top Units

FLAT TOP REFRIGERATED BASES

4400NP — FRONT-BREATHING SELF-CONTAINED FLAT TOP REFRIGERATED BASES

4424NP

4400NP SERIES

- All 4400NP Series units are 100% front breathing, which allows the unit to be pushed against a wall or built into a cabinet, or an existing lineup.
- Durable, rugged stainless-steel sides, top and front
- Features Delfield's exclusive ABS interior (on sides). ABS is extremely durable – it won't dent, chip or corrode and is backed by a limited lifetime warranty.
- "D" prefix models feature Delfield's drawer system. Drawers are backed by a lifetime warranty on the track assembly.
- Bent in full length handle on doors and drawers.
- Standard on 5" casters for easy cleaning and installation
- One wire shelf standard, installed per door section.
- ACT solid state electronic control
- Environmentally friendly R290 refrigerant
- High density foamed in place, environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane keeps energy costs low.
- 10' cord and plug supplied
- Three-year parts and labor warranty and a seven-year compressor parts warranty.

OPTIONS & ACCESSORIES

- 18" wide single tier overshef
- Stainless steel finish on back
- Cutting Boards (Composite or Poly)
- Plastic laminate on front
- Additional wire shelves
- 3" casters, 4" ride height available
- Door lock
- Exterior thermometer (some models excluded)

FLAT TOP FREEZER BASES

4500NP — FRONT-BREATHING SELF-CONTAINED FLAT TOP FREEZER BASES

4527NP

4500NP SERIES

- All 4500NP Series units are 100% front breathing, which allows the unit to be pushed against a wall or built into a cabinet, or an existing lineup.
- Durable, rugged stainless-steel sides, top and front
- Features Delfield's exclusive ABS interior (on sides). ABS is extremely durable – it won't dent, chip or corrode and is backed by a limited lifetime warranty.
- "D" prefix models feature Delfield's drawer system. Drawers are backed by a lifetime warranty on the track assembly.
- Bent in full length handle on doors and drawers.
- Standard on 5" casters for easy cleaning and installation
- One wire shelf standard, installed per door section.
- ACT solid state electronic control
- Environmentally friendly R290 refrigerant
- High density foamed in place, environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane keeps energy costs low.
- 10' cord and plug supplied
- Three-year parts and labor warranty and a seven-year compressor parts warranty

OPTIONS & ACCESSORIES

- 18" wide single tier overshef
- Stainless steel finish on back
- Cutting Boards (Composite or Poly)
- Plastic laminate on front
- Additional wire shelves
- 3" casters, 4" ride height available
- Door lock
- Exterior thermometer (some models excluded)
- LED Lights (door units only)
- Lower height casters
- Stacking Collar (on single section units)

- Patented air screen ensures product stays cold without drying it out
- All 4400 Series units are 100% front breathing, which allows the unit to be pushed against a wall or built into a cabinet or an existing line up
- Durable, rugged stainless steel sides, top and front
- Features Delfield's exclusive Delrite ABS interior (on sides). ABS is extremely durable - it won't dent, chip or corrode and is backed by a limited lifetime warranty
- Delfield supplies 1/6 size pans and positive placement adapter bars for top opening
- Dual level pan brackets allow the pans to be lowered an additional inch in the unit without tools to provide additional pan temperature holding performance (not available for eight pan capacity models)
- Salad top refrigerators are standard with 10" wide, dishwasher safe polyethylene cutting board
- D" prefix models feature Delfield's new drawer system
- Drawers are backed by a Lifetime warranty on the track assembly
- Environmentally friendly R290 refrigerant
- High density foamed in place environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane keeps energy costs low
- Integral full length door/drawer handle
- Standard on 5" casters for easy cleaning and installation
- 10' cord and plug supplied
- One epoxy coated wire shelf standard, installed per door section
- "ST" prefix models have a 4" stainless steel backsplash
- Electromechanical control
- Three year parts and labor warranty and an additional 4 year compressor parts warranty.

LIFETIME WARRANTY ON DELFIELD'S FULL EXTENSION PLUS DRAWER SYSTEM TRACK!

4400NP Series accessories and modifications can be found on page 34.

4400NPM — MEGA TOP PREP TABLES

4432NP-12M

4460N-24M

- Patented air screen design ensures product stays cold without drying it out
- All 4400 Series units are 100% front breathing, which allows the unit to be pushed against a wall or built into a cabinet or an existing line up
- Durable, rugged stainless steel sides, top and front
- Features Delfield's exclusive Delrite ABS interior (on sides). ABS is extremely durable - it won't dent, chip or corrode and is backed by a limited lifetime warranty
- Delfield supplies 1/6 size pans and positive placement adapter bars for top opening
- Dual level pan brackets allow the pans to be lowered an additional inch in the unit without tools to provide additional pan temperature holding performance (not available for twelve pan capacity models)
- Mega top refrigerators are standard with 8" wide, dishwasher safe polyethylene cutting board
- "D" prefix models feature Delfield's exclusive new drawer system. Drawers are backed by a Lifetime warranty on the track assembly (Great for fast replenishment!)

- Environmentally friendly R290 refrigerant
- High density foamed in place environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane keeps energy costs low
- Integral full length door/drawer handle
- Standard on 5" casters for easy cleaning and installation
- 10' cord and plug supplied
- One epoxy coated wire shelf standard, installed per door section
- "ST" prefix models have a 4" stainless steel backsplash
- Electromechanical control
- Three year parts and labor warranty and an additional 4 year compressor parts warranty.

LIFETIME WARRANTY ON DELFIELD'S FULL EXTENSION PLUS DRAWER SYSTEM TRACK!

PTBMP, PDLP & PTLP SERIES ONLY

- Top and sides are constructed of stainless steel
- Back of unit is galvanized
- Pans and adapter bars by others
- High density environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane foam throughout unit
- Stainless steel removable hinged covers
- Unit on/off switch is located behind the louver
- Front louvered panel has 1.50" hole for rail on/off switch access
- Electronic temperature controls
- Protective rubber bumpers are affixed to the back of the unit
- 8' long electrical cord
-

PTBMP SERIES ONLY

- Mechanically cooled
- Pans are recessed 2"
- NSF7 certified
- Die-stamped openings to accommodate 12" x 20" hotel pans or fractional pans
- Environmentally friendly R-290 refrigerant (PTBM)
- Three year parts and labor warranty and an additional 4 year compressor parts warranty.

PTLP SERIES ONLY

- LiquiTec® cooled flush mount rail with NSF7 certified performance

- Pans are flush mounted
- Standard Polyethylene cutting board
- Environmentally friendly R290 refrigerant
- Three year parts and labor warranty and an additional 4 year compressor parts warranty.

CTP-NBP SERIES ONLY

- R290 refrigerant is used
- 18-gauge exterior
- Mechanically cooled
- Pans are recessed 3"
- NSF7 certified
- One year parts and labor standard warranty. Additional warranties available

PDLP ONLY

- 4.12" casters
- 34" standard work height
- Stainless steel finished ends
- LiquiTec® cooled flush mount rail with NSF7 certified performance
- Pans are flush mounted
- 17" wide polyethylene cutting board
- Five year compressor warranty
- Environmentally friendly R290 refrigerant
- Three year parts and labor warranty and an additional 2 year compressor parts warranty.

**FULL EXTENSION PLUS
DRAWER SYSTEM**

- Top is 18-gauge stainless steel, with integral full perimeter marine edge
- Standard stainless steel ends
- High density polyurethane foam insulation throughout unit
- Refrigerated/freezer base fronts are made of .095" thick ABS plastic backed by rigid polyurethane water blown injection molded frames (NO WOOD)
- Exterior drawer fronts are stainless steel with an Delrite ABS plastic liner
- Snap-in dart style vinyl magnetic gasket
- Drawer handles are recessed black plastic held in with a positive lock system
- 14-gauge leg rails run the entire length of the unit
- Self-contained refrigerators come standard on 500 pound casters with optional 4" adjustable full stainless steel legs and bullet feet
- 8' cord and plug supplied
- Base interior cabinet is cooled with mullion style coated blower coil(s) mounted between each door/drawer section for even air and temperature control
- Blower coil enclose refrigeration lines, evaporator coil, expansion valve and fans
- Interior refrigerated base cabinet section to maintain 36° to 40° meeting NSF7 requirements
- Digital thermometer with electronic controls
- Electric condensate evaporators are standard
- Wall-mounted bracket to prevent tipping
- Full Extension Plus Drawer system is a complete drawer system. F2600CP model drawer systems hold 12" x 20" x 8" deep hotel pans (by others). F2900CP model drawer systems hold 12" x 20" x 4" deep hotel pans (by others). The drawer system is all stainless steel construction for maximum durability.
- F2600CP base cabinet will maintain 0° to -5° temperatures at 100° ambient room temperature meeting NSF7 requirements
- When ordering, specify make, model and depth of cooking equipment sitting on the equipment stand
- Height of surface for setting equipment is 25.50"
- Self-contained freezers are standard with a defrost timer
- Environmentally friendly R290 refrigerant
- Three year parts and labor warranty and an additional 4 year compressor parts warranty.

F15P SERIES — REFRIGERATED DISPLAY CASE WITH STORAGE

F15MC48DP

DISPLAY CASE

- Display exterior sides are made of 18-gauge stainless steel
- ABS plastic interior sides with molded shelf supports
- (3) adjustable epoxy coated wire shelves
- LED Lighting
- Top mount coil with multiple fans circulating the air throughout the cabinet
- Display section run off a electronic control
- ABS plastic drip pan is placed below the coil with a clear drain hose for running the condensation to the lower base mechanical section
- Sliding and removable self-closing .50" thick argon filled, low-E, warm edge insert, thermopane glass doors with left and right vertical gasket

BASE

- Standard heavy duty units have unfinished base ends, for finished end options, see page 56
- Base top is constructed of 16-gauge stainless steel
- High density polyurethane foam throughout unit
- Refrigerated base fronts are made of .095" thick ABS plastic backed by rigid polyurethane water blown injection molded frames (NO WOOD)
- Epoxy coated shelf for each door
- Exterior door fronts are stainless steel with ABS plastic liner

- Snap-in dart style vinyl magnetic gasket
- Door handles are recessed black plastic and held in with a positive lock system
- 14-gauge leg rails that run the entire length of the unit
- 6.12" adjustable full stainless steel legs and bullet feet
- Base interior cabinet is cooled with mullion style coated blower coil(s) mounted between each door/drawer section for even air and electronic temperature control
- Blower coil encloses refrigeration lines, evaporator coil, expansion valve, thermostat and fans
- Interior refrigerated base cabinet and display section to maintain 36° to 41° meeting NSF requirements
- Optional 220V-50 cycle
- "M" units have a single service display section with mirrored back. "S" units have a single service display section with a see-through back. "P" units have Pass-through display section with glass doors on both sides
- Environmentally friendly R290 refrigerant
- One year parts and labor standard warranty. Additional warranties available

8145-EFP

N8131-FA

8100-EFP SERIES ONLY

- 18-gauge stainless steel top construction
- 2BF stainless steel liner wrapped and spot clipped with refrigeration lines; thermal transfer compound is applied for superior cooling
- Mechanically cooled system
- Flush mounted die stamped drawn 12" x 20" individual 20-gauge wells
- Wells to be depressed slightly into the top to hold condensation
- Standard 1/2" stainless steel drain
- High density polyurethane foam insulation throughout unit
- Galvanized exterior body
- Thermostatic temperature with OFF position and expansion valve standard
- Non-marring press fit top gasket is supplied standard
- NSF7 certified
- Condensing unit is suspended below on a 16-gauge galvanized frame
- Environmentally friendly R290 refrigerant
- 8' cord is standard
- Stainless steel louver is provided standard for field installation
- "EFN" slimline models run 12" x 20" well left to right instead of front to back
- One year parts and labor standard warranty. Additional warranties available

N8100-FA SERIES ONLY

- 20-gauge stainless steel top construction
- 2BF stainless steel liner kinked to drain
- Stainless steel pan holds product flush with top
- Air curtain system with evaporator coil and fan package located below false bottom. Air movement over product maintains NSF7 requirements
- Standard 1" plastic drain
- High density polyurethane foam insulation throughout unit
- Galvanized exterior body
- On/off switch with pressure control, and expansion valve standard
- Non-marring press fit top gasket is supplied standard
- NSF7 certified
- Condensing unit is suspended below on a
- 16-gauge galvanized frame
- Environmentally friendly R290 refrigerant
- 8' cord is standard
- Stainless steel louver is provided standard for field installation
- Air curtain assembly is removable without tools for easy cleaning
- *Remote refrigeration not available on FA series

DROP-INS/BUILT-INS

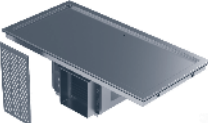

N8200P SERIES — FROST TOPS, N8200GP SERIES — GRANITE COLD SLAB, N8200-STP SERIES — SHEET PAN FROST TOPS

N8259P

N8245GP

N8256-STP

N8200P SERIES ONLY

- 18-gauge stainless steel top construction
- Top has integral drain trough and 2.00" overhang around perimeter
- Top is elevated 1.68" above counter surface and angles approximately 45° into the trough
- The bottom interior of the top is serpentine wrapped, taped, then foamed with high density polyurethane foam insulation.
- Exterior body is galvanized steel
- Condensing unit is suspended below on a 16-gauge galvanized frame
- Environmentally friendly R290 refrigerant
- 8' cord is standard
- Stainless steel louver is provided standard for field installation
- Custom sizes available
- Standard 1/2" stainless steel tubing drain
- Unit is equipped with an on/off switch
- Non-marring press fit top gasket is supplied standard
- NSF certified

N8200-STP SERIES ONLY

- Recessed stainless steel top with full perimeter drain trough and 1/2" drain

N8200GP SERIES ONLY

- 14-gauge stainless steel top with "Absolute Black" granite
- Thermal transfer compound installed between stainless steel and granite top
- Top has integral drain trough 1.5" deep around perimeter
- Top is elevated 1.25" above counter surface
- Unit foamed with high density polyurethane insulation
- Exterior body is galvanized steel
- Condensing unit is suspended below on a 16-gauge galvanized steel frame
- Environmentally friendly R290 refrigerant
- 8' cord is standard
- Stainless steel louver is provided standard for field installation
- Standard 3/4" stainless steel drain
- Unit is equipped with an on/off switch
- NSF certified

N8600P SERIES — COMBINATION HOT/COLD WELLS | N8800 SERIES — SINGLE TANK HOT FOOD WELLS

N8656P

N8845

N8600P SERIES ONLY

- Dual temp hot or cold operation
- 20-gauge stainless steel top construction
- Single “wet only” well with immersion heater(s) and 1” stainless steel drain
- Adapter bars standard to accommodate 12”x20” pans
- Remote control panel with 3-way Hot/Off/Cold power switch and thermostatic control for hot operation
- Thermostat for cold operation located by condensing unit
- Non-marring press fit top gasket is supplied standard
- High density polyurethane foam insulation throughout unit
- Stainless steel liner wrapped with spot clipped refrigeration lines; thermal transfer compound applied for superior cooling
- Galvanized exterior body
- Condensing unit suspended below on a 16-gauge galvanized frame
- R290 refrigeration system with thermostatic expansion valve
- Unit must be hard wired in field
- Stainless steel louver is provided standard for field installation

N8800 SERIES ONLY

- Adapter bars provided standard to accommodate 12” x 20” pans
- Single wet only well 8” deep made of 316 series stainless kinked to stainless 1” drain
- Single thermostatic temperature control wired to (1) main control panel with 2’ of conduit and wire. Field install control panel at locations

N8600P AND N8800

- One year parts and labor standard warranty. Additional warranties available

N8600-FWP

- Two years part and labor standard warranty.
- Operate hot, cold or freeze
- No water needed

N8000-R UNITS ONLY

- NSF certified
- A stainless steel holding clip adjusts for pans
- Push-in perimeter gasket
- 1" drain standard
- High density foamed in place environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane Keeps energy costs low
- Removable perforated, false bottom
- One year parts and labor standard warranty

N8100-BRP UNITS ONLY

- NSF-7 certified performance
- A stainless steel holding clip adjusts for pans
- High density foamed in place environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane Keeps energy costs low
- Push-in perimeter gasket
- Stainless steel louver provided
- Environmentally friendly R290 refrigerant
- 1" drain standard
- Thermostat for temperature control
- One year parts and labor standard warranty

N8700-R UNITS ONLY

- Top is constructed of 18-gauge stainless steel
- Flush mounted die stamped drawn 12"x20" individual 20-gauge wells
- Wells depressed slightly into the top to hold condensation
- Standard 1/2" stainless steel drain(s)
- Non-marring press fit top gasket
- Must be hard wired in the field
- Wet and dry operation
- 11.87"x19.87" single hot food wells are manifolded together standard to one main gate valve
- Unit shall be insulated on all sides with 1" of fiberglass and bottom to have 2" of fiberfrax blanket insulation
- Individual infinite temperature controls standard wired to one main control panel with 4' of conduit and wire. Field install control panel at location
- Galvanized exterior body
- One year parts and labor standard warranty

DIS — DROP-IN DISH DISPENSERS

DIS-1013ET
WITH OPTIONAL
ADJUSTMENT RODS

DIS-650

DIS SERIES ONLY

- Top flange and bottom brace to be 18-gauge stainless steel
- Vertical side channels to be 22-gauge stainless steel
- Flange, channels and bottom to be integrally welded
- Spring supports to be 14-gauge stainless steel
- Carrier head made of welded rods with a removable 18-gauge top plate
- Self-leveling mechanism, field adjustable by adding or removing springs
- High impact plastic guide posts mounted to flange
- One year parts and labor standard warranty.
- Additional warranties available

DIS-ET/QT SERIES ONLY

- 4' cord and plug
- Convection heating module and fan motor
- Air intake shall be filtered
- On/off switch and adjustable thermostat
- Outer 22-gauge stainless steel jacket
- QT- Shall have a stainless steel cover
- ET- Maintains temperatures between 120-140°F (49-60°C)
- QT- Maintains temperatures between 150-170°F (66-77°C)
- One year parts and labor standard warranty.

CONTACT FACTORY

Drop-in accessories and modifications can be found on page 90. | *Non-marring rods for oval dishes and diameter adjustment available as an option.

NOTE: Non-Marring Rods reduces allowable dish diameter by 1.25". Non-Marring Rods factory recommended for DIS-1200 with plate diameter of 10.13" - 10.75" and DIS-1450 with plate diameter of 12" - 13.25". Please consult with factory to confirm operational fit.

CD SERIES — CUP DISPENSERS | ND SERIES — NAPKIN DISPENSERS

CD

CD SERIES ONLY

- Dispenser tube with support flange
- Elevating mechanism consists of stainless steel spring and three equally spaced stainless steel friction strips fastened to a stainless steel collar
- Two compression springs are provided; one for paper cups, and one for foam cups
- Dispenser capacities will vary depending on the style of cup

ND SERIES ONLY

- Top flange to be 18-gauge stainless steel
- Dispenser bottom to be 22-gauge stainless steel
- Dispenser body shall have four 22-gauge vertical angle guides integrally welded to the top flange and bottom
- Carrier head to be 22-gauge stainless steel
- Two extension springs support the carrier head
- Napkin cover to be 20-gauge stainless steel and snaps onto flange
- All models hold up to 500 paper napkins at an 18.00" stack height, capacity will vary
- Special heights available

ALL UNITS

- One year parts and labor standard warranty. Additional warranties available

DOMESTIC U.S. TERMS AND CONDITIONS

1. PRICES Unless otherwise specifically agreed, all prices are for material packed for domestic shipment and for delivery F.O.B. point of manufacture. Acceptance of your order is based on present costs, and the prices set forth herein are subject to increase by Seller at any time prior to delivery in respect to all or any portion of the material on order to the extent necessary to cover Seller's increased costs applicable thereto.

2. DELIVERY Shipping dates are approximate and based on prompt receipt of all necessary information. All risks of loss shall be on the Buyer from point of shipment. Buyer shall pay all transportation and delivery charges to final destination.

3. DEFAULT If Buyer shall fail or refuse to accept delivery of the equipment or parts ordered hereunder or should default in the performance of any of the terms, covenants and conditions of this agreement, Seller may retain the cash deposited or paid to it and/or equipment accepted by it on account of the sale price and apply the same toward payment of its damages.

4. DELAYS Seller shall not be liable for loss or damage due to delay in delivery, manufacture or installation resulting from any cause beyond Seller's reasonable control, including but not limited to, compliance with any regulation, orders or instructions of any federal, state or municipal government or any department or any agency thereof, acts of nature, acts or omissions of the Buyer, acts of civil or military authority, fires, strikes, factory shutdowns or alterations, embargoes, wars, riot, delays in transportation, or inability due to cause beyond the Seller's reasonable control to obtain necessary labor or materials from the Seller's usual sources; and any delays resulting from any such cause shall constitute cause for extending delivery dates and receipt of the goods shall constitute a waiver of all claims for damage. In no event shall Seller be liable for special or consequential damages.

5. PAYMENT TERMS The terms of sale herein are subject to credit approval and Seller may at any time prior to delivery modify the terms of payment originally specified to require payment in advance. Lacking credit approval, sales will be made on a cash with order, pro forma invoice or cash on delivery basis. All printed prices are quoted F.O.B. Factory, subject to terms as printed and subject to change without notice.

If the total selling price is not paid when due, buyer shall pay late charges equal to the highest lawful contract rate of interest not to exceed 1 1/2% per month computed from the due date on the unpaid balance of the total selling price.

6. SPECIFICATIONS Quantities and sizes are subject to variation in accordance with Seller's standard practices, tolerances and the requirements of the job where the equipment covered by this order is to be installed.

7. INSTALLATION If the order acknowledgment provides for installation, Seller's obligation to deliver the equipment and provide for its installation shall in no event commence until the premises are ready to receive the equipment, and such obligations shall be subject to all the other terms hereof. Costs and expenses to Seller or its contractor due to delays in installation caused by interference by other contractors working on the premises will be charged to Buyer. Installation costs stated in this order are estimated, cover only installation of the equipment specified herein, and do not cover any other costs, including, but not limited to, costs of electrical work, carpentry, plumbing, sweeping, mopping, dusting or general cleanup. Seller or its contractor shall not be responsible for removing or disposing of packing material, cartons, boxes or other containers housing the equipment.

8. TAXES The amount of taxes stated on the order, if any, is approximate only. Buyer is liable for the full amount of all taxes applicable to or as a result of a transaction, exclusive of franchise taxes and taxes measured by the net income of Seller. Buyer shall pay the amount of all such taxes at any time requested by Seller as if originally added to the price. If Seller pays the taxes, Buyer shall reimburse Seller therefor.

9. INSURANCE Buyer shall provide and maintain adequate insurance for the product delivered against loss or damages by fire or other causes during the time between delivery and final payment, in an amount fully protecting Seller, and loss or damage by fire or other causes within such period shall not relieve Buyer from its obligations under this contract. Buyer shall provide and maintain adequate liability and workmen's compensation insurance covering all workers who may assist in the erection of product delivered.

10. CANCELLATION Buyer may cancel its order, reduce quantities, revise specifications or extend schedules only by mutual agreement as to reasonable and proper cancellation charges which shall take into account expenses already incurred and commitments made by Seller, and Buyer shall indemnify Seller against any loss.

11. STANDARD ONE-YEAR WARRANTY The Delfield Company ("Delfield") warrants to the Original Purchaser of the Delfield product (herein called the "Unit") that such Unit, and all parts thereof, will be free from defects in material and workmanship under normal use and service for a period of one (1) year from the date of shipment of the Unit to the Original Purchaser or, if the Original Purchaser returns the warranty card completely filled out including the date of installation within thirty (30) days of receipt of the Unit, one (1) year from the date of installation. During this one year warranty period, Delfield will repair or replace any defective part or portion thereof returned to Delfield by the Original Purchaser which Delfield determines was defective due to faulty material or workmanship. The Original Purchaser will pay all labor, crating,

freight and related costs incurred in the removal of the Unit or defective component and shipment to Delfield, except that during a period of either 1 year from the date of shipment of the Unit to the Original Purchaser or, if the Original Purchaser returns the warranty card completely filled out including the date of installation within thirty (30) days of receipt of the Unit, 1 year from the date of installation Delfield will pay all related labor costs. Delfield will pay the return costs if the Unit or part thereof was defective.

The term "Original Purchaser" as used herein means that person, firm, association, or corporation for whom the Unit was originally installed.

This Warranty does not apply to any Unit or part thereof that has been subjected to misuse, neglect, alteration, or accident, such as accidental damage to the exterior finish; operated contrary to the recommendations specified by Delfield; or repaired or altered by anyone other than Delfield in any way so as to, in Delfield's sole judgment, affect its quality or efficiency. This Warranty does not apply to any Unit that has been moved from the location where it was originally installed. This Warranty also does not cover the refrigerator drier or the light bulbs used in the Unit. The warranty is subject to the user's normal maintenance and care responsibility as set forth in the Service and Installation Manual, such as cleaning the condenser coil, and is in lieu of all other obligations of Delfield. Delfield neither assumes, nor authorizes any other person to assume for Delfield, any other liability in connection with Delfield's products.

Removal or defacement of the original Serial Number or Model Number from any Unit shall be deemed to release Delfield from all obligations hereunder or any other obligations, express or implied.

Parts furnished by suppliers to Delfield are guaranteed by Delfield only to the extent of the original manufacturer's express warranty to Delfield. Failure of the Original Purchaser to receive such manufacturer's warranty shall in no way create any warranty, express or implied, or any other obligation or liability on Delfield's part in respect thereof.

If shipment of a replacement part is requested prior to the arrival in the Delfield factory of the part claimed to be defective, the Original Purchaser must accept delivery of the replacement part on a C.O.D. basis, with credit being issued after the part has been received and inspected at Delfield's plant and determined by Delfield to be within this Warranty.

Under no condition does this Warranty give the Original Purchaser the right to replace the defective Unit with a complete Unit of the same manufacturer or of another make. Unless authorized by Delfield in writing, this Warranty does not permit the replacement of any part, including the motor-compressor, to be made with the part of another make or manufacturer.

No claims can be made under this Warranty for spoilage of products for any reason, including system failure.

The installation contractor shall be responsible for building access, entrance and field conditions to insure sufficient clearance to allow any hood(s), vent(s) or Unit(s), if necessary, to be brought into the building; Delfield will not be responsible for structural changes or damages incurred during installation of the Unit or any exhaust system.

Delfield shall not be liable in any manner for any default or delay in performance hereunder caused by or resulting from any contingency beyond Delfield's control, including, but not limited to, war, governmental restrictions or restraints, strikes, lockouts, injunctions, fire, floods, acts of nature, short or reduced supply of raw materials, or discontinuance of the parts by the original part manufacturer.

Except as provided in any Additional Four Year Protection Plan, if applicable, and the Service Labor Contract, if applicable, the foregoing is exclusive and in lieu of all other warranties, whether written or oral, express or implied. This Warranty supersedes and excludes any prior oral or written representations or warranties. Delfield expressly disclaims any implied warranties of merchantability, fitness for a particular purpose or compliance with any law, treaty, rule or regulation relating to the discharge of substances into the environment. The sole and exclusive remedies of any person relating to the Unit, and the full liability of Delfield for any breach of this warranty, will be as provided in this warranty.

Other than this Delfield Standard One Year Limited Warranty, any applicable Delfield Additional Four Year Protection Plan or applicable Delfield Service Labor Contract, the Original Purchaser agrees and acknowledges that no other warranties are offered or provided in connection with or for the Unit or any part thereof.

In no event will Delfield be liable for special, incidental or consequential damages, or for damages in the nature of penalties.

12. APPLICABLE LAW Variation of Terms. The rights and obligations of Seller and Buyer under an order shall be governed by the laws of the state where accepted by Seller. No waiver, modification, or addition to any of the terms of this order shall be binding on Seller unless made in writing by The Delfield Company. The provisions of an order are intended by Buyer and Seller as a final expression of their agreement and are intended also as a complete and exclusive statement of all terms applicable to Buyer's order.

ORDERING AND SHIPPING

NOTE: Possession of this price list does not necessarily constitute an offer to sell by The Delfield Company.

This Price Guide supersedes all other price lists. Although reasonable care has been taken to insure the accuracy of information in this Price Guide, Delfield cannot be held liable for any errors or omissions. Prices shown in this Price Guide are for standard Delfield models with standard electrical characteristics as described in sales and technical literature. All prices and specifications are subject to change without notice.

PAYMENT TERMS

SHIPPING CARRIER

Delfield reserves the right to ship merchandise via any responsible carrier available at the time equipment is ready for shipment. When carrier or shipping routing is designated by dealer, Delfield will attempt to comply. Delfield cannot be held responsible for carrier rate differences; this is beyond our control. Rate differences are entirely between carrier and purchaser.

RMA – RETURNED PRODUCT POLICY

The following is the policy for Returns from the customer.

- 1 | All returned product must have an RMA number from Customer Service prior to sending the product back.
- 2 | The product must be standard product, still crated and within 90 days from date invoiced. Standard products are defined as product configurations that are saleable to the general market. Custom Products are product configurations that are unique to a specific customer and cannot be sold to other customers. Obsolete discontinued products cannot be returned.
- 3 | If return is approved for standard product, the standard restock charge is 30% or 20% if a replacement order is made.
- 4 | Custom product is non-returnable.
- 5 | Applicable freight charges and re-crating will be the customer's responsibility.
- 6 | RMA number must be clearly written on all shipping paperwork to factory/warehouse.
- 7 | RMA will be valid for 45 days from date of issue.

CONCEALED DAMAGES

All of our crating conforms to general motor carrier specifications. If the container shows rough handling or visible damage, in order to minimize liability, a full inspection is necessary upon arrival. A notation must be placed on the freight bill and signed by the truck driver. Appearance of damage will necessitate removing the crate in the presence of the driver. Claims for damages must be filed at once by purchaser with the freight carrier.

TAXES

Prices shown do not include federal, state or other existing taxes. Applicable taxes will be charged and added to the invoice unless an exemption certificate and tax identification number is received.

STORAGE CHARGES

Our shipping commitment is determined in accordance with delivery requirements and our best ability to fabricate. If, after the equipment has been fabricated, the customer requests delay in shipment and warehousing is required, the following schedule will apply: 1) Any equipment held for shipment at the purchaser's request for a period of 30 days beyond the delivery date specified shall become immediately payable. 2) If equipment is held beyond 60 days after the delivery date specified, storage charges will be added.

SANITATION CODES

If you are placing equipment into an area which has certain sanitation requirements other than N.S.F. standards, Delfield must be advised of these specifications in detail before fabrication of the equipment, in order that we may quote additional costs, if any. Failure to notify Delfield before fabrication releases us from any obligation to modify our standards without additional charges.

ORDERS AND DRAWINGS

To assure prompt and correct fabrication, Delfield must have all necessary information on the original order. Do not overlook finishes, accessories, and other options needed for a finished installation.

Please check the following items when ordering:

- Are all model numbers correct?
- Are stainless steel or laminate finished ends required?
- Is the laminate pattern and/or color number included?
- Are extra utility outlets needed?
- Are overselves needed?
- Are end fillers and/or risers needed?
- Is a special refrigerant required?
- Are all specifications of equipment by others included?
- Are the electrical specifications correct?
- Are kick plates needed?
- Are special tops and backs needed for focal point operation?
- Is your shipping address complete, including zip code?
- Is special shipping required?
- Have you indicated the date required?

SERVICE PARTS

All orders for service parts have a minimum charge. This policy may be modified by Delfield without notice. Prices shown for parts in this price list are for use when ordering an accessory with an original unit. Prices may vary when ordered separately from the Parts Department.

WARRANTY

Warranty must be purchased at the time of sale only.

LIMITED EXTENDED WARRANTY COVERAGE

The purchase of a Limited Extended Warranty Contract extends the standard warranty coverage to the purchased period of time (from one to two years) from the date of installation, start-up, or demonstration, or 18 months from date of shipment, whichever comes first. Individual warranties may vary by model, part or application. Major components have labor extended an additional year with the purchase of an extended warranty, but not parts. Extended warranties are non-transferable. Only available in the 48 contiguous US states (Hawaii and Alaska are excluded).

* An additional one (1) year Labor Warranty can be purchased for select pieces of equipment.

* Extended Warranty must be purchased at the same time the equipment is purchased.

* Extended Warranty has the same exclusions as stated in our standard warranty.

THE DELFIELD COMPANY OPERATING POLICY

RETURN AUTHORIZATIONS ISSUE DATE: NOVEMBER 2022

SCOPE AND DEFINITION

This Operating Policy details the processes and procedures as well as decision rights for handling all returns for The Delfield Company. For this policy, returns are broadly defined as the physical equipment being sent back to The Delfield Company facilities.

POLICY

The following is the policy for Returns from the customer.

- 1 | All returned product must have a RMA/MJ number from Customer Service prior to sending the product back.
 - a. RMA/MJ number must be clearly written on all shipping paperwork to Delfield facilities
 - b. RMA will be valid for 30 days from the date issued
- 2 | The product must be standard product (defined below), in original crating within 90 days from the date invoiced.
 - a. Standard products are defined as product configurations that are saleable to the general market.
 - b. Custom Products are product configurations that are unique to a specific customer needs.
 - c. Obsolete and discontinued products cannot be returned.
- 3 | The Customer Service Rep should consult with the Product Sales Manager and Inventory Manager to attempt to keep the product in the field.
- 4 | If return is approved by the Customer Service Rep as per policy for standard product, standard restock charge is 30 – 60%.
- 5 | Applicable freight charges will be the customer's responsibility.
