FEATURES

Steady Brew

An evolved heat-exchange system that works efficiently without sacrificing performance. By keeping the water temperature stable during extraction, Steady Brew guarantees excellent thermal stability, reliability, and repeatability.

Barista-friendly Interface

The Crono introduces upgraded brewing buttons as well as a display screen above each group, enabling baristas to view shot times as well as volumetric readings while programming and a progress indicator while cleaning.

LED Work Area Lights

Bright and functional LEDs add visibility for espresso and steam workflows. Now standard on all Classe models.
